

# Pay to park by mobile phone

**Worcester BID is pleased to offer a great alternative way to pay for your car parking. RingGo lets you pay without having to visit a machine – you just need a mobile phone and a credit or debit card.**

## Do I have to register?

Yes. You can register for RingGo either on the internet at **www.myRingGo.co.uk** or as part of your first RingGo call when you want to park and pay.

## How much does it cost?

RingGo costs 20p on top of the standard car park fee. If you wish a confirmation text or reminder of when your parking is running out, each text costs an additional 10p.

## Can I extend my parking?

Yes. Assuming that you have already registered, call RingGo and the service will ask you:

- How long you want to extend
- Your card security code

The RingGo project has been funded by the Worcester Business Improvement District (BID) which is a not for profit, business led organisation which seeks to improve trade and the trading conditions for the businesses who fund it. Other projects include Street Rangers, Taxi Marshals, Street Entertainment, Marketing and Lobbying.

For a full list of the projects and more information on the Worcester BID, please visit [www.worcesterbid.com](http://www.worcesterbid.com)

Information correct at time of going to print (November 2010). Worcester BID cannot be held responsible for any errors or omissions contained within this leaflet.

## Is a ticket required? How do Civil Enforcement Officers check that I'm parked correctly?

No ticket is needed. The Civil Enforcement Officer looks up your number plate on a handheld device. This checks the RingGo system to make sure you have paid to park.

## How can I get a VAT receipt?

VAT receipts are available online to view and print at **www.myRingGo.co.uk**. Provide us with your email address and we'll send them every time you park.

## More information?

See **www.myRingGo.co.uk** for more information, including details of how to park by text, by mobile, internet or using our special RingGo iPhone application.

This Worcester BID project is in partnership with

- No need for change
- Extend your stay wherever you are and avoid a parking fine
- Avoid queuing at the machine
- Receive parking expiry text reminders
- Avoid cutting short your shopping, meeting or drink

All you need is a mobile phone and a credit or debit card.

# How does it work?

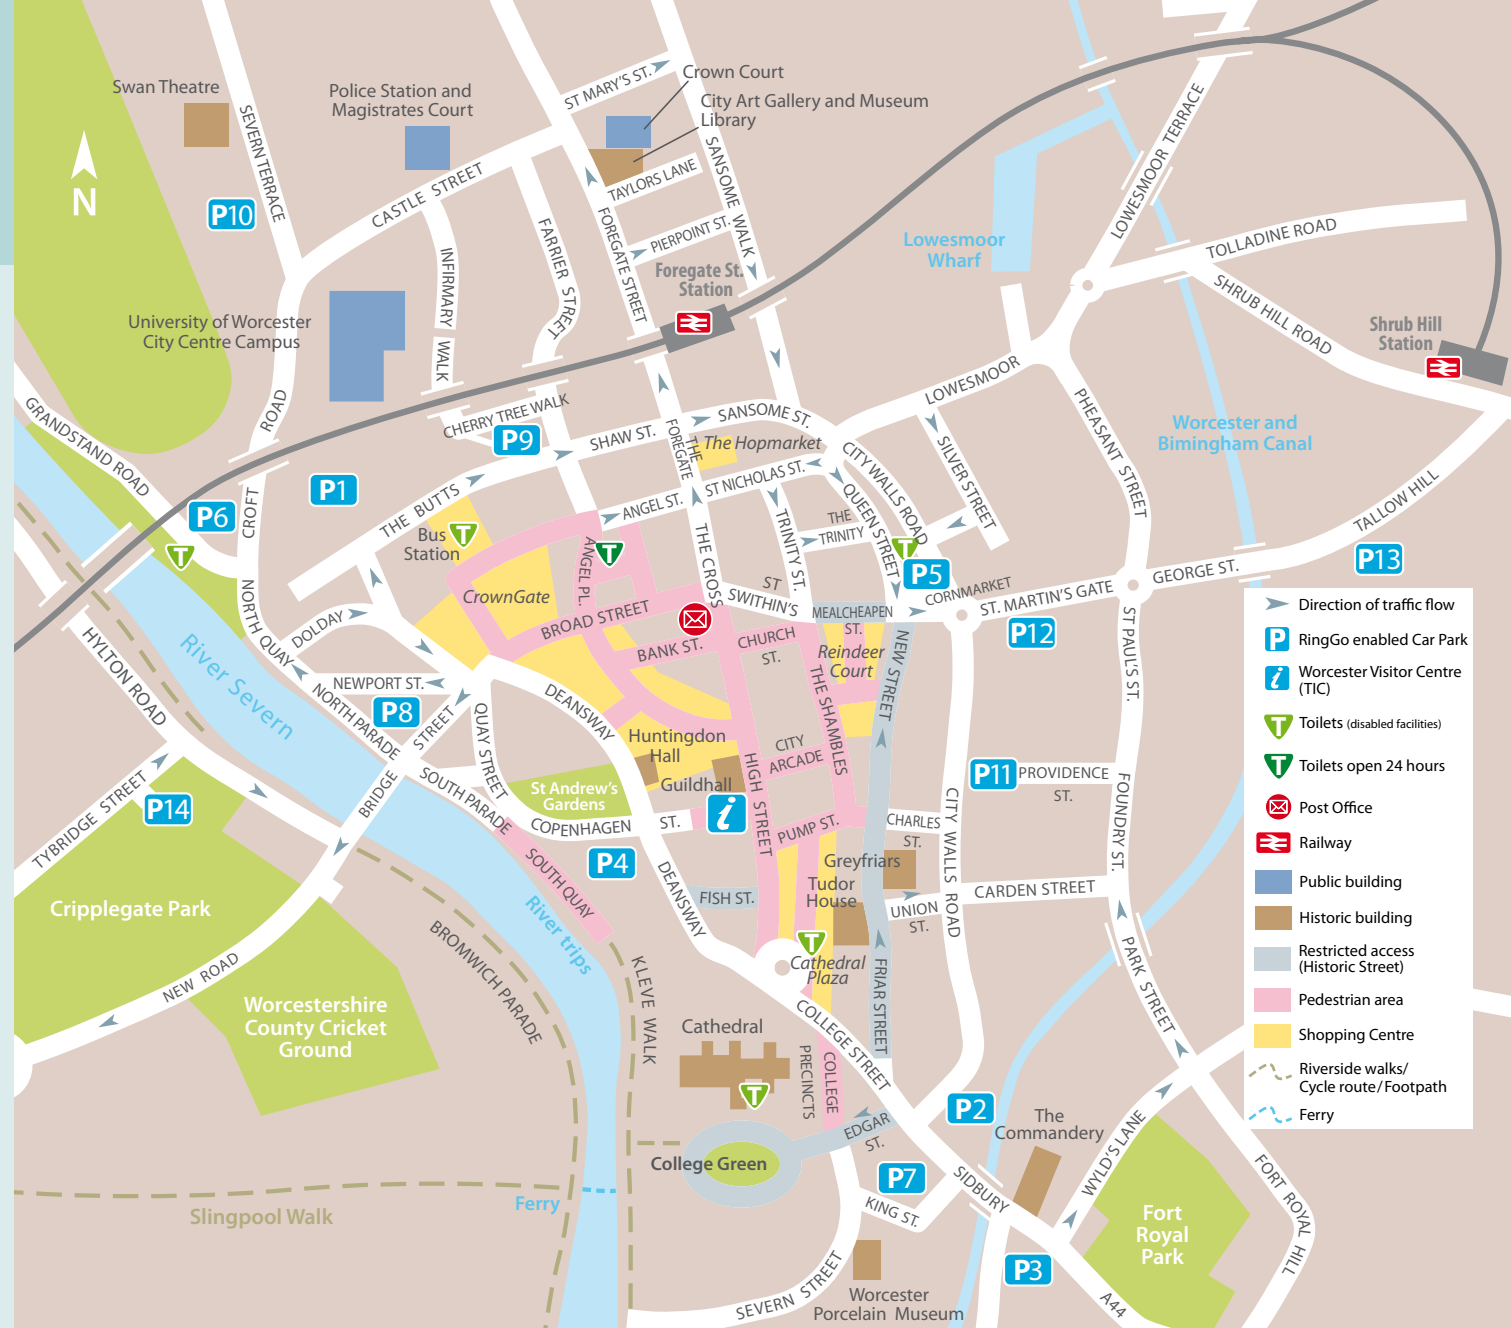

To use the service call RingGo on **01905 88 00 55**

If you're a new caller, it will ask:

- Your vehicle's registration, make and colour
- The code for your location - a four digit number shown clearly on signs in the car park
- How long you want to park for, and
- Your credit or debit card details

Once you have registered with RingGo, the system remembers you on subsequent visits and simply asks you:

- To confirm the vehicle you want to park
- To confirm the location
- How long you want to park, and
- Your card security code
